

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. ## 2d. *Of the State Debt.*

The whole amount of Debt now outstanding against the State is \$95,900, and was contracted in conformity with the provisions of sundry Resolves as follows, viz.

Under Resolve passed the 6th Feb. 1822,	\$40,000
“ “ “ 25th “ 1828,	5,000
“ “ “ 10th March 1830,	6,900
“ “ “ 11th “ 1830,	25,000
“ “ “ 18th “ “	19,000

**Total am't of State Debt, Dec. 31, 1830, \$95,900**

The whole of which amount is at interest at the rate of five per cent. per annum, amounting to four thousand seven hundred and ninety five dollars, and payable semi-annually at the Treasury Office.

I would remark on the various portions of the above debt, that the first portion of it, \$40,000, is redeemable in ten years from May 1, 1822.

The second portion, \$5,000 is temporary, and was obtained for a period not to exceed one year from the 25th day of May 1828, at which time the Treasurer's Note was given therefor.

The third portion, \$6,900, is redeemable at any time ; viz. \$500 in eight years, and \$6,400 in fifteen years at the pleasure of the State, out of the proceeds of the sales of Public Lands.

The fourth portion, \$25,000, was obtained for the purpose of erecting and completing the Public Buildings, and reimbursable at the pleasure of the Government after eight years from dates of the Treasurer's Notes therefor, viz. One Note dated May 13, 1830 for \$10,000. One other Note dated May 19, 1830, for \$10,000, and one other Note dated July 29, 1830, for \$5,000.

The remaining portion of said debt \$19,000, was obtained from various Banks in Portland, to enable the Treasurer to pay off the Members of the Legislature at their Session in January 1830, on said Treasurer's Notes therefor, dated March 19, 1830, payable in one year from date.

## 3d.

## REMARKS.

By Act of the 30th January 1822, it is made the duty of the Treasurer to State all monies known to be due from the Clerk's of the Judicial Courts, and from the Sheriffs of the several counties—it is with pleasure he has to state, that they have been prompt in paying into the Treasury the monies in their hands belonging to the State, and that no monies are known to be due from them.

The State Tax on Westbrook for the year 1827, still remains unpaid—the Collector of said tax was served with a warrant of distress and procured bail—the sureties to his bond (who are holden to pay) were called on, and declined paying the tax. I also wrote to the Assessors of said Town, requesting payment; they called on me and gave assurances that measures would be adopted by the Town to collect and pay the tax into the State Treasury.

In relation to the Public Debt there is an increase of the same during the present year of \$50,900, making the whole amount of Debts now outstanding against the State \$95,900—which increase arises principally from loans obtained on account of the Public Buildings, and to pay off the Members of the Legislature at their last Session. The loan of nineteen thousand dollars obtained under Resolve of March 18, 1830, to pay off the Legislature, is payable in one year from March 19th, 1830; there is also a loan of five thousand dollars obtained by the late Treasurer under Resolve of the 25th Feb. 1828, payable the 25th of May 1829; the time of payment for both of said loans has expired, and the Treasury is liable to pay the same whenever called on.

As the funds of the Treasury are insufficient to discharge the Notes given for these loans, Legislative aid is necessary to provide funds to enable the Treasurer to discharge the same, or to authorize him to give new Notes therefor, under such limitations and provisions as shall be thought proper, or otherwise, to obtain the money from some other source to pay them.

**PUBLIC BUILDINGS.** On this account, the amount advanced over that of receipts is \$2,428 94, as appears by a statement of the same annexed to the Report herewith. This amount was much wanted to enable the Commissioner to complete the Buildings so far, as to protect them from injury the ensuing winter. For the payment of this sum, and for any further sum wanted to complete said Buildings, funds should be provided, as all the available funds on this account, have been realized, and expended.

By the estimate of Public Receipts and Expenditures for the year 1831, it appears that there will be an insufficiency of funds in the Treasury to meet the demands thereon during that year of about \$4,000. To provide funds for this, and such further sums of money as may be wanted to complete the Public Buildings, together with other matters before noticed, will claim the consideration of the Legislature.

I am of opinion that excepting the two loans above mentioned amounting to \$24,000, Public Buildings and Public Roads ; that a tax of \$50,000 for the year 1831, together with the other fixed revenues of the State, will be sufficient to meet all the demands on the Treasury for the year.

Should the Legislature deem it expedient to authorize a new loan to discharge the two portions of loan that have become payable, that is, one of \$5,000 and the other of \$19,000. I think it may be effected with advantage to the State, judging from the favorable terms on which the loan of \$25,000 was obtained, on account of the Public Buildings. This loan was taken at an interest of five per cent. and a bonus or premium received thereon of five per cent. reducing the rate of interest (varying a fraction) to four per cent.

I shall with pleasure be ready to give any Committee on the financial concerns of the State, all the information in my possession, accompanied with any explanations that may be desired.

Which is respectfully submitted.
